Message from our Alumni

To all my brilliant juniors,

I hope you are doing great!

Campus placement is a bridge between college and the corporate world. Good preparation along with proper guidance is important to cross this bridge smoothly. Here are a few points that will help you succeed in placements with flying colors -

• **Choose your direction** - Ask yourself what would you love to become, think about the domain you are passionate about, and prepare accordingly. Once you decide your direction, regularly spend time learning relevant skills from good resources.

• **Good projects** - Once you have gained skills in your domain, work on out-of-the-box projects that aim at problem-solving. Good projects on your resume provide an edge over the others. If you need any help, work with your seniors or mentors. Projects are more important than certificates.

• **Be versatile** - Don't limit yourself. Learn skills from other streams of engineering that are useful in your stream, you cannot expect a robotic arm to work without electronics and programming. Being versatile shows your ability to adapt to different environments.

• **Improve communication skills** - Polish your communication skills. Being able to communicate your ideas properly is even more important than your technical skills.

• **Make a good resume** - Structure your resume properly and avoid grammatical and spelling errors. Use keywords relevant to the job description and always keep your resume up to date.

Placed in Cognizant

I AM AMAN RAI. I COMPLETED MY ENGINEERING WITH MECHANICAL SPECIALISATION FROM UNIVERSITY INSTITUTE OF TECHNOLOGY RGPV, BHOPAL. I SCORED 80% IN MY B.TECH AND HAVE DONE SEVERAL INTERNSHIPS. I AM CURRENTLY WORKING IN FLUOR DANIEL PRIVATE LIMITED INDIA IN NEW DELHI OFFICE. HERE, I AM WORKING AS A DESIGN ENGINEER. I HAVE CLEARED THE INTERVIEWS OF ALMOST 6-7 COMPANIES FROM CAMPUS PLACEMENT THEN I FINALLY DECIDED TO JOIN FLUOR DANIEL. I RECOMMEND IF YOU WANT TO GET GOOD PLACEMENTS THEN YOU SHOULD FOCUS MORE ON YOUR SOFT SKILLS AND QUANTITATIVE ABILITIES. ALSO, YOU SHOULD HAVE SOUND ACADEMICS.

I AM ERA ASTHANA. I PASSED MY BTECH IN 2022 FROM MECHANICAL BRANCH AND I AM CURRENTLY WORKING IN FLUOR DANIEL IN NEW DELHI OFFICE AS A PIPING MATERIAL ENGINEER.

IN ORDER TO EXCEL IN COLLEGE, STUDENTS ARE REQUIRED TO DEVELOP A PLAN. YOU SHOULD FIRSTLY IDENTIFY YOUR GOALS AND PRIORITIES. YOU SHOULD ALWAYS BE OPEN TO OPPORTUNITIES AND PREPARE WELL FOR ACADEMICS.

THE MANTRA THAT CAN HELP YOU TO GET A SUITABLE JOB IS TO MANAGE YOUR TIME WELL. ALSO WORK ON YOUR COMMUNICATION SKILLS ESPECIALLY ON YOUR BODY LANGUAGE. ALONG WITH THAT WORK ON VERBAL SECTION, APTITUDE AND REASONING.

MECH (2018-2022)
PLACED IN FLUOR DANIEL

I'M MOHIT BELVANSHI FROM 2022 BATCH . CURRENTLY I'M DOING MBA FROM INDIAN INSTITUTE OF MANAGEMENT, CALCUTTA. DURING 3RD YEAR OF MY GRADUATION I STARTED PREPARING FOR CAT. I MADE A SCHEDULE THAT FITS MY WAY OF STUDYING AND BEING CONSISTENT WITH THE SCHEDULE WAS THE KEY TO CRACK THE EXAM. IIM CALCUTTA IS A DREAM COME TRUE FOR ME AND A DREAM DOESN'T TURN INTO REALITY THROUGH MAGIC, IT TAKES SELF MOTIVATION, DETERMINATION AND HARD WORK.

"TRUST THE JOURNEY, HAVE THE COURAGE TO ACCEPT THE FAILURES AND BELIEVE IN YOURSELF THEN NOTHING CAN STOP YOU".
